SKINCARE FROM WITHIN, IS IT REALLY SO SURPRISING?

The beauty potential of Bamboo, Ginseng and Red Pepper extracts, our ERBORIAN super ingredients, is so great that in Korea they are taken daily for their nutritional value.

The effects of these super ingredients on the skin is so powerful, it was only natural that we combine them into a super capsule to boost the skin's beauty and radiance from within.

More than just a food supplement, ERBORIAN has combined its SUPER SKINCARE INGREDIENTS to create a super beauty shot you can swallow, for maximum effectiveness.

SUPER INGREDIENTS FOR SUPER SKIN

Concentrated active ingredients in their purest form for multi-action effectiveness:

- **ERBORIAN SUPER INGREDIENTS:** Bamboo extract rich in natural Silica, an essential mineral for supple skin, Ginseng extract with anti-aging ginsenosides, and Red Pepper extract with its antioxidant properties for skin that is protected and more resilient.
- **ANTIOXIDANT BOOSTERS:** Vitamin C helps to protect cells from oxidative stress, enriched with Grape Seed extract that is 95% concentrated in OPC antioxidant polyphenols.
- **EXPERT INGREDIENTS TO FIGHT IMPERFECTIONS:** Zinc contributes to maintaining normal skin, while Burdock and Nettle extracts help to maintain a healthy, clear complexion.

Just 2 capsules daily is enough for these super-ingredients to strengthen, protect and boost the skin's natural beauty.

1. Nutritional Reference Values. 2. Plant origin only.

Ingredients	Per 2 capsules	% RNP*
Dry extract of Bamboo Shoots and Stem	25mg 50mg ¹
