# ZINC POWER

When exposed to numerous internal and external factors, we can all get spots, not only in our teenage years, but also in adulthood. Moreover, acne is the number one beauty concern among 18-29 year olds<sup>(1)</sup>.

NUXE Research is revolutionizing skincare for skin types prone to blemishes with ZINC POWER, **spot control innovation**, a game-changer which brings sensoriality to the forefront: acne-prone skin can, at last, experience the pleasure of ultra-sensorial skincare with an irresistible scent.

These 4 formulas have gone all out on effectiveness, with their duo of high-performance active ingredients, **Zinc [PCA]** and **Lychee Extract**. Super skin goal unlocked: skin is purified, with a refined texture, revealing its radiance. Spots and dilated pores disappear, and worries too, **boosting self-confidence!**

## A POWERFUL DUO OF 100% NATURAL ORIGIN ACTIVE INGREDIENTS FOR BLEMISH CONTROL

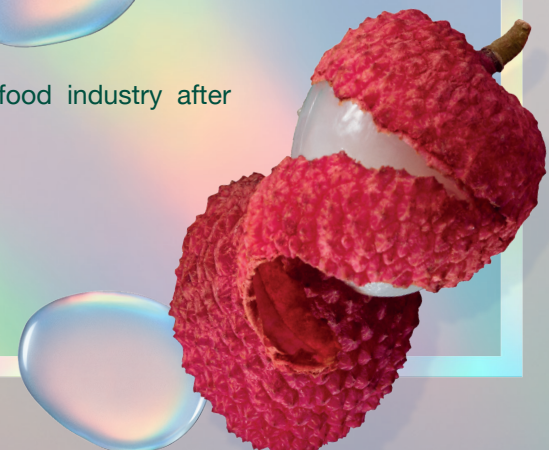

### ZINC [PCA] + LYCHEE

**Zinc, the go-to active ingredient for treating blemishes, is renowned for its action on several factors that cause acne.** It is combined with PCA, one of the skin's natural constituents, with moisturizing properties. The latter acts as a physiological vector to improve the absorption of Zinc in the skin, for optimized effectiveness.

Rich in antioxidant molecules such as tannins and flavonols, **Lychee Extract has demonstrated both its moisturizing effectiveness<sup>(1)</sup> and its action on bringing out a radiant complexion.** It really does enhance the skin!

#### **Lychee Extract derived from upcycling**

This extract is obtained from lychee skin recovered from the food industry after removing the pulp.

## PURIFYING CLEANSING GEL

Carefully cleansing your skin is the first vital step in your routine to avoid blemishes. This sebum-purifying crystal-clear gel contains Zinc [PCA] and Lychee Extract, in a gentle base consisting of 3 carefully selected sulfate-free surfactants.

It deep cleanses combination to acne-prone skin and eliminates excess sebum without drying out the skin.

Skin is mattified according to **100%<sup>(1)</sup> of women, and 94% claim it does not feel tight after rinsing<sup>(2)</sup>**. It reduces blemishes (spots, blackheads), reduces marks, and tightens pores. Its advantage: ultra-fresh scent with watermelon notes, and an ultra-soft texture!
